

ILRS participation in Key Skills provision

Reasons for introduction of key skills

- Widening participation
- Employer requirements
- Need for autonomous learning

Characteristics of skills teaching

- Skills and level required are identified throughout the degree programme
- Compulsory level one skills module
- skills are embedded in teaching at later levels
- Direct entry students must demonstrate their ability at the level of entry

What are the skills?

- Personal and career development
- Effective learning
- Communication
- Teamwork
- IT
- Numeracy

Personal & career development

LEVEL ONE:

- Identify their own strengths and weakness
- Investigate career options
- Plan personal development

Personal & career development

LEVEL THREE:

- Analyse employability
- Check suitability for desired career
- Prepare CV/interview
- Assemble portfolio of evidence
- Know where to find information and help

Effective learning

LEVEL ONE:

- Consider learning styles
- Identify arguments in assigned reading
- Use library resources effectively
- Manage time

Effective learning

LEVEL ONE continued:

- Use different approaches to learning
- Seek and use feedback
- Develop skills in analysis and synthesis of information
- Prepare an academic argument

Effective learning

LEVEL THREE:

- Reflect on learning styles
- Challenge and explore alternative views
- Take responsibility for time management
- Research and problem solve independently

Effective learning

LEVEL THREE continued:

- Use wide range of sources selectively
- Participate in different assessment processes
- Monitor and evaluate academic performance

Communication

LEVEL ONE:

- Participate in group discussions
- Recognise and construct an argument
- *Reference written material*
- Use standard English
- Take notes effectively

Communication

LEVEL THREE:

- Produce effective written and verbal materials
- Base communication on reasoned argument
- Evaluate others' arguments

Communication

LEVEL THREE continued:

- Use standard English and subject specific vocabulary
- Deliver a presentation
- Assess quality

Teamwork

LEVEL ONE:

- Identify what makes a successful team
- Participate in a team
- Assess members' roles and contributions
- Assess team achievements

Teamwork

LEVEL THREE

- Identify personal strengths
- Be flexible in their roles
- Contribute to group tasks
- Explain and document group process

Teamwork

LEVEL THREE continued:

- Evaluate the group processes
- Give and receive constructive feedback

Information Technology

LEVEL ONE:

- Word process
- Make a presentation
- Use Email and attachments
- Use web for information
- Use electronic databases
- Use online packages as required

Information Technology

LEVEL THREE:

- Search for, process, integrate and evaluate complex information
- Justify choice
- Evaluate usefulness
- Participate in electronic discussion groups
- Evaluate and create web sites

Numeracy

LEVEL ONE:

- Use numbers confidently
- Interpret numerical data
- Represent numerical data
- Demonstrate a range of numerical concepts

Numeracy

LEVEL THREE:

- Present, analyse, compare and interpret data
- Explain data
- Use formulae

ILRS participation in the process

LEVEL ONE:

- One hour induction
- Lecture
- Online tests
- Workshops
- Evaluation = 20% of module mark

ILRS participation in the process

LEVEL THREE:

- Subject specific workshops
- Evaluation = inclusion of skills within the final project/dissertation

Induction - available to all new students

- Orientation in the LRC
- Service rules
- Where to get help
- Where to get information
- Health and safety
- Use of computer desktop services

Lecture - setting the context

- Why have a skills module?
- ILRS role in key skills teaching
- What are the skills?
- How will these be tested?
- What help is available?

Lecture - which skills?

- Information skills
- Computing skills
- Social skills
- Time management
- Self-awareness
- Personal responsibility

Information skills

- Organisation
- Research
- Communication

Computing skills

- Word processing
- Use of Email
- Use of the Internet
- ECDL

Social skills

- Working with others
- Respecting the working environment
- Expect them to keep the rules

Time management

- Arriving on time
- Planning ahead
- Meeting deadlines

Self awareness

- Assessing their own abilities
- Assessing their own needs

Personal responsibility

- Choosing the appropriate workshops
- Starting the coursework in good time
- Seeking extra help if needed
- Living with the consequences

How?

- By providing the coursework at the beginning of the course so that the standard required is identified
- By providing time-tabled workshops which they must select according to need
- By allowing multiple attempts at the coursework

How will these be tested?

- Three tests, each marked online

They are:

- IT exercise
- Library exercise
- Information seeking exercise

Printable copies are available online

Value of webCT

- Students can have as many attempts as they like
- Finding the right answer is the learning process
- exercise can be done from anywhere
- 80% pass mark

Workshops

LIBRARY WORKSHOP 1

- Borrowing rights
- LRC regulations
- Use of library catalogue
- Elements of a bibliographic citation
- Managing their library record online

Workshops

LIBRARY WORKSHOP 2

- Difference between full text and a bibliographic citation
- When they would need a database
- Search techniques for databases and Internet
- Use of ATHENS accounts

Workshops

COMPUTING WORKSHOPS:

- Using the computer and managing files
- Word processing introduction- menu and toolbar, formatting text, changing font, headers, footers and page numbers, margins, spell check, saving files

Workshops

COMPUTING WORKSHOPS continued:

- Word processing intermediate - opening files, bullet points, columns and tables, borders and shading, inserting graphics and files, drawing, using find and help commands
- Web and Email

Workshops

COMPUTING WORKSHOPS
continued:

- PowerPoint
- EXCEL
- Introduction to Macs

Level three participation

LIBRARY WORKSHOPS:

- arranged at the request of academic colleagues
- subject specific
- group specific
- with agreed outcomes

Level three participation

Workshops will cover:

- Resources within MX in a subject area
- Selection of search terms
- Search strategies
- Managing the information

Level three participation

LIBRARY WORKSHOPS continued:

- Writing a bibliography
- Searching the Web
- How to evaluate results
- Use of interlibrary loans
- Use of other libraries
- Time management

Level three participation

COMPUTING WORKSHOPS:

- Scanning
- Photoshop
- PageMaker (DTP)

Level three participation

AUDIO-VISUAL SERVICES:

- Using a camcorder
- Audio recording
- Analogue video editing
- Premiere - digital editing

The future

- Students will be more skilled on arrival
- Time management will become more important
- Skills for employability will need to be wider

The future

- More use of electronic environment
- Different use of staff time
- electronic helpdesks
- specialist help
- implications for professional training
