[stela@unilib.bg.ac.rs](mailto:stela@unilib.bg.ac.rs)

# **Autorska prava, otvoreni pristup informacijama i lična elektronska biblioteka**

# Intelektualna svojina

**Obuhvata autorsko pravo i pravo industrijske svojine. Zakoni su nacionalni, ali postoji jaka međunarodna regulativa.**

**Zakoni kojima se štiti intelektualna svojina mogu da predstavljaju ozbiljnu prepreku za ostvarivanje prava na slobodu informisanja, predviđena Univerzalnom deklaracijom o ljudskim pravima.**

**Istim zakonima regliše se intelektualna svojina u sferi nauke i obrazovanja, industrije i zabave.**

# Autorsko pravo

**Nacionalni zakon o autorskom pravu štiti od bespravnog korišćenja pisana dela, baze podataka, softver, muzička dela, tonske zapise, koreografiju, likovna i arhitektonska dela.**

Zakon štiti i ekspresiju ideja, procedure, metode, koncepte, otkrića, izbor, uređivanje činjenica u bazama podataka, ali ne i same činjenice.

**Ideje nisu zaštićene, ali izražavanje ideja i umnožavanje autorskih dela jeste.**

# Autorsko pravo

**Zaštita autorskog dela počinje momentom njegovog fiksiranja u bilo kom mediju – papirnom, elektronskom, magnetnom itd.**

**Autor ima pravo na to da se delo uvek pripisuje njemu i da se čuva integritet dela. Da bi delo bilo publikovano (umnoženo i distribuirano), autori prenose ugovorom svoja prava na izdavača.**

**To ih može dovesti u nepovoljnu poziciju, da ne mogu da koriste sopstvene rezultate u nastavi, kasnijim radovima, na veb sajtu i sl.**

**Treba veoma pažljivo čitati ugovore sa izdavačima!**

# **Autorska prava za pisana dela**

- **Nosioci su ili izdavači (oko 80%) ili autori**
- **Nasledna su i važe do 70 godina od smrti autora ili koautora**
- **Za mnoga dela iz 20. veka ne zna se ko je nosilac autorskog prava (izdavači više ne postoje, autorovi naslednici nisu poznati ...)**
- **Google je započeo sa skeniranjem svih knjiga iz fondova velikih biblioteka, ali su ga udruženi izdavači SAD tužili sudu, sporazum koji su postigli sud je poništio ...**

# **Autorska prava i plagijarizam**

- **Plagijarizam je korišćenje tuđih reči i rezultata bez navođenja originalnog izvora.**
- **Danas se to lako otkriva uz pomoć široko dostupnih softvera, kao i Google i Yahoo pretraživača.**
- **Za razliku od bespravnog umnožavanja nije krivično delo, ali podleže disciplinskoj i moralnoj odgovornosti, posebno u nauci.**

# **Autorska prava i biblioteke**

**Dok je većina informacija bila u štampanom obliku, biblioteke su bile ustanove koje su omogućavale svim građanima sveta da dođu do potrebnih informacija pozajmljujući knjige, časopise i drugu građu koju su imale u vlasništvu.**

**Danas one nisu vlasnici elektronskih izvora, nego samo korisnici koji su platili kolektivnu licencu za pristup.**

# Elektronske publikacije

O odredbama velikog broja licenci ne može se pregovarati – one su unapred zadate i korisnik, bio to pojedinac ili biblioteka, ih prihvata klikom na polje “**I agree**” prilikom pristupa elektronskom dokumentu – filmu, muzici, softveru itd.

Licencnim ugovorima koje potpisuju sa onima na čijem se serveru nalazi materijal koji im je potreban, biblioteke mogu da obezbede i prava koja prevazilaze okvira prava korišćenja prema zakonima o autorskim pravima.

# **Elektronske publikacije**

**Tako na primer preko KoBSON-a ne postoji ograničenje koliko puta će neki članak biti skinut sa sajta izdavača, već samo ograničenje da se ne može preuzeti ceo broj od korica do korica odjednom.**

**Kada ne bi bilo licencnog ugovora kojim je to regulisano, to bi po zakonu o autorskim pravima bila povreda prava na umnožavanje dela, jer to pravo pripada isključivo nosiocu autorskih prava.**

# Nekomercijalne licence

Za korisnike je posebno značajan materijal koji je preko interneta dostupan u režimu otvorenog pristupa, ali za koji se zna ko je autor, odnosno ko preuzima odgovornost za sadržaj.

Ovakav materijal je često zaštićen nekomercijalnim licencama, kao što su na primer **GNU** ili **Creative Commons** licence.

Postoji i mnogo materijala na svetskoj mreži koji nije zaštićen nikakvim licencama.

# Ugovori autora i časopisa

**Većina časopisa, posebno komercijalnih, traži da autor prenese isključivo pravo na svoj rad na izdavača časopisa.**

**Ukoliko ugovor ne predviđa neke izuzetke, to znači da autor ako želi da pošalje kolegama ili studentima tekst, mora da traži odobrenje od izdavača, i da plati naknadu nosiocu autorskih prava – izdavaču!**

# Komercijalni časopisi

**Većinu najuticajnijih časopisa objavljuje nekoliko komercijalnih izdavača (Elsevier, Springer, Wiley-Blackwell, Taylor and Francis ...), i na njima enormno zarađuju, dižući cene svake godine za nekoliko %.**

**Pošto praktično drže monopol na “kvalitetnu” nauku, umesto servisa za širenje rezultata istraživanja, postali su kočnica jer su zbog cene nedostupni mnogima.**

# Ugovor Springer sa autorima

## Copyright Transfer Statement

The copyright to this article is transferred to Springer (respective to owner if other than Springer and for U.S. government employees: to the extent transferable) effective if and when the article is accepted for publication. **The author warrants that his/her contribution is original and that he/she has full power to make this grant.** The author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors. **The copyright transfer covers the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline, online) or any other reproductions of similar nature.**

**An author may self-archive an author-created version of his/her article on his/her own website and his/her institution's repository, including his/her final version; however he/she may not use the publisher's PDF version which is posted on [www.springerlink.com](http://www.springerlink.com).**

**Furthermore, the author may only post his/her version provided acknowledgement is given to the original source of publication and a link is inserted to the published article on Springer's website. The link must be accompanied by the following text: "The original publication is available at [www.springerlink.com](http://www.springerlink.com)".**

Please use the appropriate DOI for the article (go to the Linking Options in the article, then to OpenURL and use the link with the DOI). Articles disseminated via [www.springerlink.com](http://www.springerlink.com) are indexed, abstracted, and referenced by many abstracting and information services, bibliographic networks, subscription agencies, library networks, and consortia.

After submission of this agreement signed by the corresponding author, changes of authorship or in the order of the authors listed will not be accepted by Springer.

# Otvoreni pristup

Apsurdna situacija, u kojoj na rezultatima rada naučnika koji su istraživanja vršili koristeći društvene fondove zarađuju komercijalni izdavači, dovela je do stvaranja Pokreta za otvoreni pristup **Open access (OA)**.

**Otvoreni pristup podrazumeva da svaki korisnik koji ima pristup internetu bilo gde u svetu ima pravo da čita, preuzima, čuva, štampa i koristi digitalni sadržaj radova objavljenih u otvorenom pristupu, sa jedinom obavezom da ih korektno citira.**

# Otvoreni pristup

Otvoreni pristup naučnoj literaturi ostvaruje se u dva glavna, međusobno komplementarna oblika:

- **samoarhiviranjem i izgradnjom mreže institucionalnih ili disciplinarnih repozitorija, kojima se povećava dostupnost i vidljivost naučne produkcije određene institucije, ili određene naučne discipline, pri čemu je rad moguće uneti pre recenziranja (preprint), ili već recenziran i negde objavljen (postprint); (GREEN)**
- **objavljivanjem radova u časopisima koji su u otvorenom pristupu, u potpunosti ili delimično - tzv. hibridni časopisi (GOLD).**

# Otvoreni pristup

U svakom slučaju pravo pristupa ne zadire u zakon o autorskom pravu, jer **vlasnik autorskog prava kratkom izjavom - licencom (npr. CC licencom) koja prati delo - daje pristanak na otvoreni pristup svom radu, s tim da zadržava pravo na nadzor nad celovitošću rada i pravo na ispravno navođenje autorstva.**

Svakom je autoru u interesu da njegov rad bude dostupan što većem broju čitalaca, kako bi rezultati njegovih istraživanja imali što veći odjek, što može uticati i na napredovanje njegove karijere.

## Autorstvo 3.0 Srbija

KORPORACIJA CREATIVE COMMONS NIJE ADVOKATSKA KANCELARIJA I NE PRUŽA PRAVNE USLUGE. DISTRIBUCIJOM OVE LICENCE NE USPOSTAVLJA SE PRAVNI ODNOS S CREATIVE COMMONS. CREATIVE COMMONS DAJE OVU INFORMACIJU «OVAKVU KAKVA JE». CREATIVE COMMONS NE DAJE NIKAKVA JEMSTVA ZA DATU INFORMACIJU I NE ODGOVARA ZA ŠTETU U VEZI S NJOM.

### *Ugovor o licenci (Licenca)*

DELO (KOJE JE U DALJEM TEKSTU DEFINISANO) SE DAJE NA RASPOLAGANJE POD USLOVIMA OVE CREATIVE COMMONS JAVNE LICENCE («CCJL» ili «LICENCA»). DELO JE ZAKONSKI ZAŠTIĆENO AUTORSKIM I SRODNIM PRAVIMA I/ILI DRUGIM MERODAVNIM PRAVOM. SVAKO KORIŠĆENJE DELA PROTIVNO OVOJ LICENCI ILI ZAKONU JE ZABRANJENO.

KORIŠĆENJEM DELA NA NAČIN KOJI ODGOVARA NEKOM OD PRAVA KOJA SE USTUPAJU OVOM LICENCOM, STICALAC LICENCE DOBROVOLJNO PRIHVATA OBAVEZE IZ OVE LICENCE, A DAVALAC LICENCE, U SKLADU S OVIM UGOVOROM (LICENCOM), USTUPA STICAOCU LICENCE PRAVA IZ OVE LICENCE NA OSNOVU TAKVOG PRIHVATANJA LICENCNIH OBAVEZA.

#### 1. Definicije

- a. „Prerada“ je Delo u kome su prepoznatljivi karakteristični elementi prerađenog (izvornog) Dela (muzičke obrade, aranžmani, adaptacije i druge prerade). Radi otklanjanja zablude, Delo koje čini Zbirku ne smatra se Preradom, ali ako je reč o muzičkom delu ili fonogramu, istovremena sinhronizacija zvuka i slike smatraće se Preradom po ovoj Licenci.
- b. „Zbirka“ je zbirka Dela, nabrojanih u odredbi 1(f), podataka, dokumenata ili drugih nezavisnih elemenata koja, s obzirom na izbor i raspored sastavnih delova, predstavlja originalnu duhovnu tvorevinu, kao što je: antologija, enciklopedija, zbirka dokumenata ili zbirka čijim se sastavnim delovima pristupa posebno elektronskim ili drugim sredstvima (baza podataka). Delo koje čini Zbirku ne smatra se Preradom (koja je u daljem tekstu definisana) po ovoj

# Otvoreni pristup člancima

Danas je već 10-15% naučnih časopisa u režimu otvorenog pristupa i njihov broj stalno raste, a 90% izdavača dozvoljava da autori preprinte prihvaćene za objavljivanje u njihovim časopisima postavе u digitalne repozitorijume svojih institucija (CERN, Harvard University, MIT, Berkeley, Max Planck Institute...) ili međunarodne tematske repozitorijume kao **ArXiv** (matematika, fizika, kvantitativna biologija), **PubMed Central** (biomedicina), **RePEc** (ekonomija), itd.

# Danas osim publikacija ima i mnogo drugih načina za širenje informacija

geek & poke

HOW EINSTEIN FOUND  $E=MC^2$

# Društvene mreže

Društvene mreže kao što su Facebook, Twitter i LinkedIn su veoma koristan izvor informacija i omogućavaju kontakt sa kolegama iz celog sveta. Registracija je besplatna.

Sve više institucija postavlja svoje profile na ove mreže i komunicira sa korisnicima preko njih, postavlja materijal na veb sajtove, YouTube, blogove itd. i postavlja RSS feed koji omogućuje da korisnik jednim klikom dobije informacije o novostima sa svih adresa koje prati.

# **Lična elektronska biblioteka**

**Da bi se snašli u toj “džungli” informacija, potrebno je napraviti svoju elektronsku biblioteku koja vam je uvek i svuda dostupna i pretraživa, preko koje možete komunicirati sa kolegama i deliti važne informacije i koja će vam olakšati unošenje referenci u tekstove koje pišete.**

**Sve to omogućuje besplatan servis Mendeley.**

## It's time to change the way we do research.

Mendeley is a free **reference manager** and **academic social network** that can help you organize your research, collaborate with others online, and discover the latest research.

- Automatically generate bibliographies
- Collaborate easily with other researchers online
- Easily import papers from other research software
- Find relevant papers based on what you're reading
- Access your papers from anywhere online
- Read papers on the go, with our new iPhone app

# Statistike

The screenshot displays the Mendeley web interface for a user named Stela Filipi Matutinovic. The page is organized into several sections: a top navigation bar with the Mendeley logo and user account information; a secondary navigation bar with tabs for Dashboard, My Library, Papers, Groups, and People, along with a search bar; and a main content area with two tabs: 'General stats' (selected) and 'My library stats'. The 'General stats' section is divided into three columns. The left column, 'Most read articles in all disciplines', lists five articles with their respective reader counts. The middle column, 'Most read articles in Social Sciences', lists four articles. The right column, 'Added articles', shows overall and discipline-specific counts. Below these are sections for 'Downloadable articles' and 'Mendeley users by discipline', which features a horizontal bar chart showing user counts across various academic fields.

# Zaključak

**“Budućnost je već ovde – samo nije ravnomerno raspoređena”**

**(William Gibson)**
