Cited Reference Search (Find the articles that cite a person's work)

Step 1: Enter information about the cited work. Fields are combined with the Boolean AND operator.

* Note: Entering the title, volume, issue, or page in combination with other fields may reduce the number of cited reference variants found.

Glibetic M* in Cited Author

Example: OBrian C* OR OBrian C*

in Cited Work

Example: J Comp* Appl* Math* (journal abbreviation list)

in Cited Year(s)

Example: 1943 or 1943-1945

Add Another Field >>

Search Clear Searches must be in English

Slika 1

Kao rezultat pretrage dobićemo listu svih radova navedenog autora, citiranih u radovima koje referiše Web of Science (WoS), nezavisno od toga da li se časopis u kome je objavljen citiran rad referiše u WoS-u ili ne (npr. Časopis Medicinski pregled ne referiše se u WoS-u, ali se citirani rad autorke Glibetic Marije prikazuje na listi rezultata).

Takođe, na listi se, za svaki citirani rad, prikazuju imena svih autora u datom radu (Opcijom “Show all authors”), ne samo prva tri, kao što je bilo moguće do sada.

Samim tim, omogućena je i pretraga citiranosti autora bez obzira na njihovu poziciju u navedenom koautorskom timu (u navedenom primeru vidimo da je ime autorke Glibetic M navedeno na četvrtoj poziciji – Slika 2)
